Both should be receiving new access code emails. Let me know if they don't receive them.

Also, you are able to resend access code emails on your end as well. From the User dropdown, select New User, then the "Resend email to new user" radio button. Then select the user's email and click the resend button.

Hi Emily,

In the new database, two staff from CCKC did not log back in during the hour allowed to complete their registration and we can't find a way to reset it on our end. Would you be able to? The workers' names are Angela Shipley and Ashley Wohlgemuth.

Thanks for your help,

Kristen
